)
Filed	: July 10, 2003)

SUPPLEMENTAL REISSUE APPLICATION DECLARATION BY THE INVENTOR
UNDER 37 CFR § 1.175(b)(1)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I hereby declare that:

My residence, mailing address and citizenship are stated below.

I believe that I am the original, sole, and first inventor of the subject matter which is described and claimed in patent number 6,257,566 (the '566 patent), granted July 10, 2001 and for which a reissue patent is sought on the invention entitled "Multiple Signature Feeder System," the specification which was filed on July 10, 2003, as reissue application number 10/616,684, and was amended on: October 31, 2003; February 1, 2005; October 11, 2005; March 20, 2006; November 26, 2007; December 3, 2007; July 16, 2009; January 12, 2010; and June 9, 2010.

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I believe the original patent to be wholly or partly inoperative or invalid by reason of having claimed less than I had the right to claim in the patent.

At least one error upon which reissue is based is that original patented claim 1 recites "a gathering conveyor" at col. 5, line 56 of the '566 patent. New reissue claim 16 of the present application is broadened for at least the reason that the language "a gathering conveyor" is not recited therein as part of the claimed binding line.

All errors corrected in this reissue application, and which are not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the Applicant.
